# Press Release

## Clark Regional Wastewater District Awards Contract for NE 78th Street Sewer Rehabilitation Project

Vancouver, WA – The District recently awarded a \$2.6 million contract to Nutter Corporation for construction of the NE 78th Street Sewer Rehabilitation Project. The project includes the installation of 2,500 feet of new gravity sewers. Sewers will be installed in NE 78th Street from NE 13th Avenue east to Heritage Farm, in NE 19th Court and in NE 13th Avenue. The new pipe replaces existing aged sewer lines, improving the reliability, reducing maintenance and increasing capacity. The project is an important reinvestment in sewer infrastructure and part of the District's proactive efforts to keep the sewer system operating safely and efficiently.

Careful planning has gone into this project to minimize impacts to area businesses and the public. Construction is scheduled to begin in May 2018, and be completed in October 2018. Temporary traffic control revisions will be in place beginning the week of May 14, and will remain throughout the duration of construction. Work in NE 78th Street will generally occur in the center lanes. Two-way traffic will be maintained in NE 78th Street throughout construction. Intermittent lane closures will be necessary to facilitate construction. During daytime work, westbound travel will be reduced to a single lane. During nighttime work, both eastbound and westbound travel will be reduced to a single lane in each direction.

The traveling public and area businesses can expect moderate traffic impacts along with some construction noise in and around the work zone. All local businesses will remain open during construction. The work has been scheduled to accommodate the Hazel Dell Parade of Bands; no impacts to the parade are anticipated.

For more information or to sign up for the project notification list, contact Phil Roppo, District Project Manager, at (360) 993-8853 or [proppo@crwwd.com](mailto:proppo@crwwd.com).
