Clark Regional Wastewater District (District) seeks a Development Review Engineer to join their Engineering team and provide for the thoughtful transition into the role of Development Program Manager. The Development Review Engineer provides complete project development and planning support for the design, review, and inspection of development projects, including commercial, industrial and residential sectors.

**KEY RESPONSIBILITIES**

- Establishes and maintains professional, effective working relationships with team members and development stakeholders
- Involves other people and groups of people in problem-solving and decision making; aligning their interests with the Districts
- Provides professional customer service in varied situations and circumstances
- Manages the development and delivery of project outreach plans, coordinates and facilitates open houses, and attends public hearings
- Develops effective communication strategies to address and successfully resolve development conflicts affecting the public, developer, contractors and engineers
- Reviews development plans proposing extensions of the sanitary sewer system for compliance with local, state and federal standards and specifications
- Develops and reviews developer extension and reimbursement agreements

**QUALIFICATIONS**

Any combination of education and experience that provides the requisite knowledge, skills and abilities. Typically this can include:

- Bachelor’s degree in Civil Engineering or closely related field
- Licensure as a Professional Engineer, Civil, in the State of Washington
- Six (6) years of progressively responsible engineering experience
- Two (2) years of project management related experience; planning, scheduling, monitoring and problem solving
- Two (2) years responsibility leading teams and directing the work of others

**COMPENSATION & BENEFITS**

The District provides employees the resources to grow professionally and stay happy and healthy. Compensation and benefits include:

- 100% employer-paid medical, dental and vision (employee and family)
- Paid vacation and sick leave
- Public Employee Retirement System (PERS)
- Flexible Spending Account (FSA) for medical and dependent care
- Education assistance program
- Training and development
- Basic life insurance
- Long-term disability

Starting salary range: $6,743 to $7,710 per month, depending on qualifications.

**HOW TO JOIN OUR TEAM**

Submit a letter of interest and resume to drejob@crwwd.com.

The position will remain open until filled.

For more information or questions, contact Hilary Gorham, HR Generalist: HGorham@crwwd.com or 360-993-8830.

An Equal Employment Opportunity Employer.

Physical Address:
8000 NE 52nd Court
Vancouver, WA 98665

WHY CONSIDER JOINING CLARK REGIONAL WASTEWATER DISTRICT?

• A professional utility. Devoted to serving a rapidly expanding customer base, the District invests in employees and rewards their service and contributions.

• A great place to work and live. You’ll find a healthy work/life balance, generous paid time-off program, and robust benefits — along with affordable homes, a variety of outdoor activities, impressive school districts, and a foodie’s paradise nearby. It’s a quick skip across the river to Portland, and an hour drive to the mountains or the coast.

• A passion for the community. Whether growing food together, presenting at public safety fairs, or participating in local parades, the District strives to give back and engage the community.

• Support for healthy communities. Proud to support economic development along with protecting public and environmental health.

• The chance to make a difference. Our workplace is big enough to make things happen, but small enough to celebrate the contributions of each employee.

ABOUT THE DISTRICT

Formed in 1958, the District provides reliable, affordable service to more than 100,000 people.

The District’s mission is to provide customer-focused, professional wastewater services in an environmentally and financially responsible manner.

Ensuring residents have access to high-quality sewer service at competitive and stable rates is important. The District achieves this through proactive planning, sound financial management, and a regional approach to governance and service delivery. Recent initiatives such as the Discovery Corridor Wastewater Transmission System (DCWTS), Discovery Clean Water Alliance (Alliance) and City of Ridgefield Collection System Transfer support local economic growth, while protecting public health and the environment but also help ensure low and consistent rates for our customers well into the future.

The District’s unique approach to serving the community has led to recognition with several awards and accreditation:

• GFOA Distinguished Budget Presentation Awarded 2016-2019
• GFOA Certificate of Achievement for Excellence in Financial Reporting, 1988-2018
• Vancouver Business Journal inaugural Catalyst Award in 2015 for the DCWTS
• Governor’s Smart Communities Award in 2013
• APWA Accredited Agency for leadership in public works in 2005, 2009 and 2015
