

SUPPLEMENTAL QUESTIONS

Recruitment: Maintenance Specialist I/II

In order to be considered for the position, all applicants are asked to answer the following supplemental questions. The answers to the supplemental questions are to be submitted along with the application form, resume and cover letter. Answers should be limited to no more than one page per question and should be typewritten. Please number the answers to correspond with the number of the question you are answering.

Please answer the three questions below, so we can better understand your qualifications for the position.

1. Please describe the unique experience, skills, knowledge and/or abilities you have that will help you be successful in the position, including any certifications or licensure.
2. Please describe how you have accessed and used technology to aid in successfully completing your work (e.g. GIS, SCADA, MMS). If you do not have a work-related experience, please describe a situation from your personal life.
3. Please explain what good customer service means to you and describe a situation in which you have provided high-quality customer service.
