

Road closure notification

Wallace Heights sewer project
Clark County Regional Wastewater
KKLA Contractors

Dear affected residents,

This notice is to inform you of the ongoing construction activities and necessary road closures in your neighborhood. Due to the extents of this project and necessary methods required to upgrade the surrounding sewer system, road closures will be in full effect for the remainder of the project. The following photo represents the three closures that may affect your commute. Full access to your homes will always be available. Easy and minimal detours will guide you around the work zones and have minimal impact on daily commutes.

Closure 1: August 3rd, through August 6th

Closure 2: August 10th, through August 27th

Closure 3: August 31st, through September 17th

Reach out to one of the following contacts with any questions or concerns, we appreciate your patience and cooperation thank you.

Louden Wardius
